

Trade Finance

– improving your international trade

Nordea – The leading Nordic Trade Finance Bank.

Trade finance offers payments, risk management and financing tools for international trade through, for example, collections, documentary credits and guarantees, often giving you competitive advantages.

As the leading Nordic Trade Finance Bank, we know how to help you succeed in international trade.

Competence as a core resource

In addition to Nordea being a first class bank in handling trade finance transactions, we play an active role in developing international trade, both in the trade finance community and as a member of the International Chamber of Commerce (ICC) Banking Commission.

Our experienced personnel, many of whom are ICC Certified Documentary Credit Specialists, ensure qualified support from negotiation until final payment of your transaction.

E-solutions at the very forefront

Nordea was the first Nordic bank to introduce a web-based information and transaction system to our customers.

This together with a number of other e-solutions enables us to offer you secure and efficient tools for your trade finance transactions.

The largest trade finance bank

Every third Nordic trade finance transaction is handled by Nordea, making us the largest trade finance bank in the Nordic region.

Trade Finance advisors at your service

As a customer of Nordea Trade Finance you will have a personal Trade Finance Advisor, who will ensure that you get the best out of Nordea's trade finance services.

Send an e-mail to your nearest trade finance unit (see the address below) and your Trade Finance Advisor will contact you shortly.

Contact us to find out more about how we can assist you with your trade finance transactions. You can also find us at nordea.com/tradefinance.
