

Nordea Denmark - Women's Finance Insight Programme 2023

Nordea is currently inviting bachelor and master students to second edition of our Women's Finance Insight Programme in Denmark. The programme will serve as an introduction to Investment Banking and Equities (IB&E) and will offer you valuable insights to the life as a banker at Nordea.

Throughout the six-week programme, you will enhance your skills in finance and meet professionals from our Investment Banking and Equities divisions. You will learn how these divisions interlink as well as how we work to integrate ESG in everything we do. You will participate in case cracking and valuation workshops with our experienced teams. The sessions will be conducted in the Nordea offices with in-person workshops. For the final session we will host a closing dinner to summarise the programme.

Participants selected to the programme will meet with Investment Banking and Equities professionals responsible for recruiting.
