

A photograph of a man and a child walking a dog on a path covered in fallen autumn leaves. The path is bordered by a dense forest of trees with vibrant orange and yellow foliage. To the right, a calm lake reflects the surrounding trees. The scene is peaceful and scenic, capturing the essence of an autumn day.

Sustainability at the core of Nordea's strategy

Since the beginning of 2020 we have reduced our exposure to, and emissions associated with, climate-vulnerable sectors. We are working together with our customers to help drive a low-carbon economy and channelling investment into more sustainable offerings, thereby ensuring progress towards our 2030 emissions targets.

Our actions in Q3

Grew green corporate loans by 22% and attracted increasing numbers of transition financing proposals

Maintained Bloomberg league table #1 positions for Nordic sustainable bonds overall and Nordic corporate sustainable bonds

Grew investments in ESG products**, which accounted for around 95% of net inflows

Launched new Sustainable Choice products: fixed-term green deposits for corporates and Global Climate and Social Impact Fund

Became a member of the Net-Zero Banking Alliance and updated Sector Guideline for fossil fuel-based industries with new requirements and recommendations

Improved gender balance at several leader levels and introduced equal parental leave for rainbow parents
