(1) It is possible to choose centralised or decentralised invoicing, see below. If centralised invoicing is applied, the fee will be charged to the company that signed the Corporate Netbank agreement. The country access fee is always invoiced centralised.

(2) If decentralised invoicing is applied, the fee(s) will be charged to each company.

(3) If decentralised invoicing is applied, the fee will be charged to the company affected by the change.

(4) If decentralised invoicing is applied the company connection fee and the account connection fee(s) will be charged to each company. The user fee will be charged to each company, where one or more users or administrators are connected.

(5) When adding a new company to an agreement, an establishment fee is also charged.

(6) Denmark, Finland, Norway, Sweden, the UK, Germany, Singapore, the USA, China, Estonia, Latvia and Lithuania. The fee is charged per country connected to an agreement, except the main customer's country.

(7) Exceptions: custody accounts, RfT accounts and external accounts.
