Proposals of the Board of Directors to the Annual General Meeting 24 March 2021

Resolution on the use of the profit shown on the balance sheet and the payment of dividend

The Board of Directors proposes that the Annual General Meeting authorises the Board of Directors to decide on a dividend payment, in one or several instalments, of a maximum of EUR 0.72 per share based on the balance sheet to be adopted for the financial year ended 31 December 2020. The authorisation will remain in force and effect until the beginning of the next Annual General Meeting of the Company.

The proposed amount of a maximum of EUR 0.72 per share is in line with Nordea's dividend policy and includes the residual amount of the 2020 Annual General Meeting dividend mandate (EUR 0.33 per share) as well as 70% of the net profit for the financial year 2020 (EUR 0.39 per share).

On 15 December 2020, the European Central Bank (ECB) extended its recommendation to banks to refrain from or limit dividends until the end of September 2021. The Board of Directors has decided to follow the ECB recommendation and will refrain from deciding on a dividend payment based on the proposed authorisation before 1 October 2021, unless the ECB updates or revokes its recommendation.

Nordea will publish any possible decisions on dividend payment by the Board of Directors separately, and simultaneously confirm the dividend record and payment dates. Possible dividend will be paid to shareholders who on the applicable record date for the dividend payment are recorded in the Company's shareholders' register maintained by Euroclear Finland Oy in Finland, Euroclear Sweden AB in Sweden or VP Securities A/S in Denmark.

Pursuant to the Finnish Act on Credit Institutions, Chapter 10, Section 2a, the provisions relating to minority dividend of the Finnish Companies Act, Chapter 13, Section 7, are not applicable to Nordea Bank Abp.

Advisory resolution on the adoption of the Company's remuneration report for governing bodies

The Board of Directors proposes to the Annual General Meeting to adopt, through an advisory resolution, the Company's remuneration report for governing bodies for the year 2020.

As participation in the Annual General Meeting is possible only in advance, the remuneration report for governing bodies, which will be published by a stock exchange release and made available on the Company's website at www.nordea.com/en/annual-general-meeting no later than on 3 March 2021, shall be deemed to have been presented to the Annual General Meeting.

Resolution on the remuneration of the auditor

The Board of Directors proposes, on the recommendation of the Board Audit Committee, to the Annual General Meeting that the remuneration of the auditor is to be paid according to the invoice approved by the Company.

Election of auditor

The Board of Directors proposes, on the recommendation of the Board Audit Committee, to the Annual General Meeting that authorised public accountants PricewaterhouseCoopers Oy be re-elected as the Company's auditor until the end of the following Annual General Meeting.

PricewaterhouseCoopers Oy has notified the Company that the authorised public accountant Jukka Paunonen would act as the responsible auditor.

Resolution on authorisation for the Board of Directors to decide on the issuance of special rights entitling to shares (convertibles) in the Company

Nordea Bank Abp is required to satisfy certain capital requirements pursuant to EU and Finnish legislation. Within this legislative framework, capital instruments that absorb losses by converting into shares can be used to meet parts of the capital requirements. The Board of Directors proposes that the Annual General Meeting authorises the Board of Directors to decide on the issuance of such capital instruments.

The purpose of the authorisation is to facilitate a flexible and efficient adjustment of the Company's capital structure to the capital requirements. The authorisation enables the Board of Directors to swiftly carry out issuances without first holding an Extraordinary General Meeting which the Board of Directors considers appropriate given that these capital instruments are principally intended to be issued in the international capital markets. The Board of Directors intends to use the authorisation if the Board of Directors determines that the capital trigger level at which conversion shall take place is at such a level that gives the shareholders and the Board of Directors the possibility to act in good time and propose alternatives to conversion.

In light of the above, the Board of Directors of the Company proposes to the Annual General Meeting to resolve to authorise the Board of Directors to decide, on one or several occasions, on the issuance of special rights entitling to either new shares in the Company or treasury shares, against payment (convertibles) in accordance with or in deviation from the shareholder's pre-emptive subscription rights. The maximum number of shares that may be issued based on this authorisation shall be 404,995,191 shares, which corresponds to approximately 10% of all the shares in the Company.

The Board of Directors shall be authorised to decide on all other matters relating to the issuance of the special rights entitling to shares in the Company. The issuance of the special rights entitling to shares by virtue of this authorisation shall be made on market terms and principally be issued in the international capital markets.

The authorisation shall remain in force and effect until the earlier of (i) the end of the next Annual General Meeting of the Company or (ii) 18 months from the resolution of the Annual General Meeting of the Company.

If this authorisation is granted, it will revoke the authorisation to decide on the issuance of special rights entitling to shares (convertibles) in the Company granted to the Board of Directors by the Annual General Meeting on 28 May 2020.

Resolution on repurchase of the Company's own shares in the securities trading business

In its securities trading business, Nordea Bank Abp, among other things, acts as a market maker in its own shares on the relevant stock exchanges and in indices in which the Company's shares form a significant part, as well as offers share-related products. Should the Company not be able to trade in its own shares, the Company would not be able to provide a full range of products in the same manner as its competitors, which would lead to the Company losing market shares, and it would not be able to fulfil its current market maker undertakings towards relevant stock exchanges and the financial markets at large.

The Company's holdings of its own shares in the trading book shall not at any time exceed the applicable limits decided by the European Central Bank.

In light of the above, the Board of Directors of the Company proposes to the Annual General Meeting to resolve that the Company, for the purpose of its ordinary course securities trading business as a credit institution, may repurchase its own shares as follows.

The Company's own shares are repurchased otherwise than in proportion to the existing shareholdings of the Company's shareholders (directed repurchases). The facilitation of the Company's securities trading business, in which the ability to also trade in the Company's own shares is required, forms a weighty financial reason for directed repurchases.

The maximum number of the Company's own shares to be repurchased shall not exceed 175,000,000 shares, which corresponds to approximately 4.32% of all the shares in the Company. The Company's own shares shall be repurchased on Nasdaq Helsinki, Nasdaq Stockholm or Nasdaq Copenhagen, as the case may be, or from counterparties of the securities trading business outside of the market or through the use of derivative instruments, in each case, at a total price that does not exceed the market price prevailing on the relevant stock exchange at the time of the repurchase or the time of entry into the relevant derivative instrument, as the case may be. The Company's own shares to be repurchased shall be offered to the Company no later than at the time of the repurchase and shall be paid for no later than upon delivery of such shares. The Company's own shares are repurchased using the unrestricted equity of the Company.

The Company's own shares under this resolution shall be repurchased before the end of the next Annual General Meeting of the Company.

Resolution on transfer of the Company's own shares in the securities trading business

In its securities trading business, Nordea Bank Abp, among other things, acts as a market maker in its own shares on the relevant stock exchanges and in indices in which the Company's shares form a significant part as well as offers share-related products. Should the Company not be able to trade in its own shares, the Company would not be able to provide a full range of products in the same manner as its competitors, which would lead to the Company losing market shares, and it would not be able to fulfil its current market maker undertakings towards relevant stock exchanges and the financial markets at large.

In light of the above, the Board of Directors of the Company proposes to the Annual General Meeting to resolve that the Company, for the purpose of its ordinary course securities trading business as a credit institution, may transfer its existing own shares for consideration as follows.

The Company may transfer its own shares in its ordinary course securities trading business in deviation from the shareholders' pre-emptive subscription rights by way of a directed share issuance. The facilitation of the Company's securities trading business, in which the ability to also trade in the Company's own shares is required, forms a weighty financial reason for a directed issuance.

The maximum number of the Company's own shares to be transferred shall not exceed 175,000,000 shares, which corresponds to approximately 4.32% of the all the shares in the Company. The Company's own shares shall be transferred through Nasdaq Helsinki, Nasdaq Stockholm or Nasdaq Copenhagen, as the case may be, or directly to counterparties of the securities trading business at a price that is no less than the market price prevailing on the relevant stock exchange at the time of the transfer or at the time of the entry into the relevant derivative instrument, as the case may be. The Company's own shares that may be transferred shall be subscribed for no later than at the time of the transfer and shall be paid for no later than upon delivery of such shares. The subscription price shall be recorded in the invested unrestricted equity of the Company.

The Company's own shares shall be transferred before the subscription period expires, that is, at the end of the next Annual General Meeting of the Company.

It is proposed that the Annual General Meeting resolves to approve all subscriptions that will be made in accordance with the terms and conditions of the directed issuance

Resolution on authorisation for the Board of Directors to decide on repurchase of the Company's own shares

Pursuant to its dividend policy Nordea Bank Abp will continuously assess the opportunity to use share buy-backs as a tool to distribute excess capital. In line with these considerations the Board of Directors of the Company proposes to the Annual General Meeting to resolve to authorise the Board of Directors, on one or several occasions, to decide on the repurchase of an aggregate of not more than 500,000,000 shares in the Company, which corresponds to approximately 12.35% of all the shares in the Company, subject to the condition that the number of own shares held by the Company together with its subsidiaries at any given time may not exceed 10% of all the shares in the Company.

The Company's own shares may be repurchased as follows:

- a) Not more than 500,000,000 shares may be repurchased to distribute excess capital in order to optimise the capital structure of the Company. The purpose of such repurchase is to optimise the capital position and to increase sustainable shareholder return to the benefit of all shareholders.
- b) Not more than 8,000,000 shares may be repurchased to be used in the Company's variable pay plans in accordance with regulatory requirements and/or as required for new variable pay plans for executive officers, senior management, other material risk takers and other employees, as appropriate.

The Company's own shares may only be repurchased using the unrestricted equity of the Company. The shares may be repurchased either through an offer to all shareholders on equal terms or through other means and otherwise than in proportion to the existing shareholdings of the Company's shareholders (directed repurchases). The highest purchase price per share shall be no more than the higher of (i) the highest price paid for the Company's shares in public trading on the day of repurchase or alternatively (ii) the average of the share prices (volume weighted average price on the regulated markets where the Company's share is admitted to trading) during the five trading days preceding the repurchase or the offer to repurchase own shares, and the lowest purchase price per share shall be the price that is 20% lower than the lower of (i) the lowest price paid for the Company's shares in public trading on the day of repurchase or alternatively (ii) the average of the share prices (volume weighted average price on the regulated markets where the Company's share is admitted to trading) during the five trading days preceding the repurchase or the offer to repurchase own shares. Furthermore, in connection with the repurchase of its own shares, the Company may enter into derivative, share lending or other similar arrangements.

The Board of Directors shall be authorised to decide on all other terms relating to the repurchase of the Company's own shares.

The authorisation shall remain in force and effect until 18 months from the resolution of the Annual General Meeting of the Company. If this authorisation is granted, it will revoke the authorisation to decide on the repurchase of the Company's own shares granted to the Board of Directors by the Annual General Meeting on 28 May 2020.

In addition to the above terms, it is noted that any resolution by the Board of Directors to repurchase shares based on the proposed authorisation will also be subject to the condition that the Company has obtained the necessary regulatory permissions from the European Central Bank.

Resolution on authorisation for the Board of Directors to decide on share issuances or transfer of the Company's own shares

The Board of Directors of the Company proposes to the Annual General Meeting to resolve to authorise the Board of Directors, on one or several occasions, to decide on the issuance of new shares or transfer of the Company's own shares of not more than 30,000,000 shares in the Company, which corresponds to approximately 0.74% of all the shares in the Company.

The shares may be issued or transferred in proportion to the Company's shareholders' existing shareholdings in the Company or in deviation from the shareholders' pre-emptive subscription right by way of a directed issuance. The shares to be issued or transferred in this way may be used (a) to implement the Company's variable pay plans in accordance with regulatory requirements and/or as required for new variable pay plans for executive officers, senior management, other material risk takers and other employees, as appropriate, or (b) as payment in connection with corporate acquisitions.

The Board of Directors shall be authorised to decide on all other terms relating to the issuance of new shares in the Company or transfers of the Company's own shares. The authorisation shall remain in force and effect until the earlier of (i) the end of the next Annual General Meeting of the Company or (ii) 18 months from the resolution of the Annual General Meeting of the Company.

If this authorisation is granted, it will revoke the authorisation to decide on share issuances or transfer of the Company's own shares granted to the Board of Directors by the Annual General Meeting on 28 May 2020.
