

## Import DC Amendments to issuance *before 19.11.2018*

For import DC's issued before 10.11.2018, the option to replace all will not be available. The reason for this is that the "old amendment" did not support a structured amendment to the Goods Description, Additional Documents and Additional Conditions. Consequently, the current narrative for these fields will not account for any amendments done to them, and any change request to Nordea should be done by using the Add option.

The screenshot shows a software interface with a section titled "Narrative Details" in a light orange header. Below the header, there is a note: "Note: Maximum Lines allowed for all the Narrative fields is 1,050 lines." At the bottom of the section, there are two radio button options: "None" (which is selected) and "Add / Delete / Modify paragraphs".

**None:** This will be the version from the issuance and will not show any changes done the subsequent amendments.

**Add / Delete / Modify paragraphs:** Use this option if you want to amend the goods description, additional documents or the additional conditions.

## Amendment to Goods Description, Additional Documents and Additional Conditions

When selecting Add / Delete / Modify you will be able to describe new information in the “Add the following paragraph” – window. Nordea will upon receipt of these instructions make sure that the information will be formatted correctly in the outgoing SWIFT-message.

### Example Goods Description

Narrative Details

Note: Maximum Lines allowed for all the Narrative fields is 1,050 lines.

☐ None ☒ Add / Delete / Modify paragraphs
