2. THE LOAN

Subject to the terms and conditions of this Agreement, the Lender makes available to the Borrower a dated subordinated unsecured loan in the amount of **DKK 1 550 000 000** (DKK one billion five hundred and fifty million) (the “**Loan**”).

3. PURPOSE

3.1 The purpose of the Loan is to qualify as Tier 2 capital in accordance with Applicable Banking Regulations towards the satisfaction of Capital Requirements.

3.2 The Borrower shall apply amounts borrowed by it under this Agreement for general corporate purposes.

4. UTILISATION

The Loan shall be utilised in full on the Utilisation Date by payment from the Lender to an account nominated by the Borrower.

5. STATUS OF THE LOAN

5.1 The Borrower intends, on the Utilisation Date, that the Loan shall constitute Tier 2 Capital.

5.2 The Loan constitutes and will constitute direct, unsecured, unguaranteed and subordinated obligations of the Borrower and is not, and will not be, guaranteed by any other entity.

5.3 In the event of liquidation or bankruptcy of the Borrower, the rights and claims (if any) of the Lender to payments of the Loan and any other amounts in respect of the Loan (including any accrued and unpaid interest amount or damages awarded for breach of any obligations under this Agreement, if any are payable) shall:

5.4 The Lender shall not be entitled to exercise any right of set-off, netting or counterclaim against moneys owed by the Borrower in respect of the Loan.

6. INTEREST

6.1 The rate of interest on the Loan for each Interest Period is the percentage rate per annum which is the aggregate of:

- (a) a margin of 1.40 per cent per annum; and
- (b) CIBOR, for a period equal in length to such Interest Period, quoted at or about 11.00 a.m. on Reuters page "CIBOR=" two Business Days prior to the first day of the relevant Interest Period (an "**Interest Determination Date**").

If no such rate so appears, the Lender will request appropriate quotations and will determine the rate based on the rate for deposits in DKK offered by the four largest Danish banks as of the relevant time (being approximately 11.00 a.m. CET) on the Interest Determination Date for a period of the duration of the Interest Period and in an amount equal to the Loan. If two or more rates are so quoted, the rate shall be determined to the arithmetic mean of the quotations. If fewer than two rates are so quoted, the rate shall be determined to the arithmetic mean of the rate for deposits in DKK offered by banks selected by the Lender at the relevant time (being approximately 11.00 a.m. CET) on the Interest Determination Date to major banks in Europe for a period of the duration of the Interest Period and in an amount that is equal to the Loan.

If the aggregate of CIBOR, and the margin, as set out above, is less than zero, the rate of interest shall be deemed to be zero for the relevant Interest Period.

6.2 An Interest Period shall be a period of three (3) months, subject to Clause 6.3 below.

6.3 An Interest Period for the Loan shall not extend beyond the Maturity Date. If an Interest Period would overrun the Maturity Date, it shall be shortened so that it ends on the Maturity Date.

6.4 Each Interest Period for the Loan shall start on the Utilisation Date or (if already made) on the last day of its preceding Interest Period.

6.5 Interest will be computed from (and including) the first day of each Interest Period to (but excluding) the last day of such Interest Period, on the actual number of days elapsed on a 360 day/year basis (actual/360) or, in any case where the practice in the relevant interbank market differs, in accordance with that market practice.

6.6 The Borrower shall pay accrued interest on the Loan on the last day of each Interest Period, subject to the Modified Following Business Day Convention, (each an "**Interest Payment Date**").

6.7 Notwithstanding the foregoing provisions, but without prejudice to the minimum interest rate, if the Lender either (i) determines that a Benchmark Event has occurred, or (ii) considers that there may be a Successor Rate, then the following provisions shall apply:

- (a) the Lender shall determine a Successor Rate or, alternatively, if there is no Successor Rate, an alternative rate (the "**Alternative Benchmark Rate**") and, in either case, an alternative screen page or source (the "**Alternative Relevant Screen Page**") and an Adjustment Spread (if applicable) no later than three (3)

Business Days prior to the relevant Interest Determination Date relating to the next succeeding Interest Period for purposes of determining the rate of interest applicable to the Loan for all future Interest Periods (subject to the subsequent operation of this Clause);

- (b) if the Lender determines that there is no Successor Rate in circumstances where a Benchmark Event has not occurred, CIBOR will continue to be used to determine any rate of interest (or a component part thereof) (subject to the subsequent operation of this Clause);
- (c) the Alternative Benchmark Rate shall be such rate as the Lender acting in good faith determines has replaced CIBOR in customary market usage for the purposes of determining floating rates of interest at which the four largest Danish banks are willing to lend amounts in DKK to other banks active on the Danish market for the relevant period, or, if the Lender determines that there is no such rate, such other rate as the Lender acting in good faith determines is most comparable to CIBOR, and the Alternative Relevant Screen Page shall be such page of an information service as displays the Alternative Benchmark Rate;
- (d) if a Successor Rate or an Alternative Benchmark Rate and an Alternative Relevant Screen Page is determined in accordance with the preceding provisions, such Successor Rate or Alternative Benchmark Rate and Alternative Relevant Screen Page shall be the benchmark and the Relevant Screen Page in relation to the Loan for all future Interest Periods (as applicable) (subject to the subsequent operation of this Clause);
- (e) if the Lender acting in good faith determines (A) that an Adjustment Spread is required to be applied to the Successor Rate or Alternative Benchmark Rate and (B) the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or Alternative Benchmark Rate for each subsequent determination of a relevant Rate of Interest and interest amount(s) (or a component part thereof) by reference to such Successor Rate or Alternative Benchmark Rate;
- (f) if a Successor Rate or an Alternative Benchmark Rate and/or Adjustment Spread is determined in accordance with the above provisions, the Lender, may also specify changes to the provisions of Clauses 6.5 and/or 6.6 (including related definitions), and the method for determining the fallback rate in relation to the Loan, in order to follow market practice in relation to the Successor Rate or Alternative Benchmark Rate and/or Adjustment Spread, which changes shall apply to the Loan for all future Interest Periods (as applicable) (subject to the subsequent operation of this Clause); and
- (g) the Lender shall, promptly following the determination of any Successor Rate or Alternative Benchmark Rate and Alternative Relevant Screen Page and Adjustment Spread (if any), give notice thereof and of any changes pursuant thereto to the Borrower.

For the purposes of this Clause:

"Adjustment Spread" means either a spread (which may be positive or negative) or a formula or methodology for calculating a spread, which the Lender acting in good faith determines should be applied to the relevant Successor Rate or the relevant Alternative Benchmark Rate (as applicable), as a result of the replacement of CIBOR with the relevant Successor Rate or the relevant Alternative Benchmark Rate (as applicable), and is the spread, formula or methodology which:

- (a) in the case of a Successor Rate, is recommended or formally provided as an option for parties to adopt in relation to CIBOR with the Successor Rate; or
- (b) in the case of a Successor Rate for which no such recommendation has been made, or option provided, or in the case of an Alternative Benchmark Rate, the spread, formula or methodology which the Lender acting in good faith determines to be appropriate in order to reduce or eliminate, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to the Borrower as a result of the replacement of CIBOR with the Successor Rate or Alternative Benchmark Rate (as applicable);

"Benchmark Event" means:

- (a) CIBOR has ceased to be published on the relevant screen page as a result of such benchmark ceasing to be calculated or administered; or
- (b) a public statement by the administrator of CIBOR that it has ceased, or will cease, publishing CIBOR permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of such Interest Base Rate); or
- (c) a public statement by the supervisor of the administrator of the CIBOR that CIBOR has been or will be permanently or indefinitely discontinued; or
- (d) a public statement by the supervisor of the administrator of the CIBOR that means that CIBOR will be prohibited from being used or that its use will be subject to restrictions or adverse consequences, either generally or in respect of the Loan; or
- (e) it has or will become unlawful for the Lender to calculate any payments due to be made to the Lender using CIBOR (including, without limitation, under the Benchmark Regulation (EU) 2016/1011, if applicable), and

"Successor Rate" means the reference rate (and related alternative screen page or source, if available) that the Lender determines is a successor to or replacement of CIBOR (for the avoidance of doubt, whether or not CIBOR has ceased to be available).

Notwithstanding any other provision of this Clause 6.7, no Successor Rate or Alternative Benchmark Rate or Adjustment Spread (as applicable) will be adopted, and

no other amendments to the terms of the Loan will be made pursuant to this Clause 6.7), if and to the extent that, in the determination of the Borrower, the same could reasonably be expected to prejudice the qualification of the Loan as Tier 2 Capital of the Borrower.

7. **REPAYMENT**

- 7.1 Subject to Clause 8 below, this Loan shall be repaid in full (together with accrued interest) on the Maturity Date.
- 7.2 The Loan shall be repaid in DKK.
- 7.3 All payments to be made by the Borrower under this Agreement shall be made in full without any set-off, netting or counter-claim.
- 7.4 If any payment under this Agreement is due on a day, which is not a Business Day, the payment shall be due on the subsequent Business Day. If, as a result thereof, the payment is to be effected on a day in the succeeding calendar month, then the payment shall be made on the last Business Day of the preceding calendar month (“**Modified Following Business Day Convention**”).
- 7.5 The Borrower shall on demand by the Lender, pay to the Lender its break costs attributable to all or any part of the Loan being paid by the Borrower on a day other than the last day of an Interest Period.

8. **EARLY REPAYMENT**

8.1 Early Repayment as a result of a Withholding Tax Event

If, as a result of any change in the laws of any Taxing Jurisdiction or of any political subdivision thereof or any authority or agency therein or thereof having power to tax or in the interpretation or administration of any such laws or regulations which becomes effective on or after the Utilisation Date the Borrower would be required to pay additional amounts as provided in Clause 10 (a "**Withholding Tax Event**"), the Borrower may, at its option, subject to the Conditions to Repayment, having given not less than 5 calendar days' prior notice to the Lender in accordance with Clause 12 (which notice shall be irrevocable) repay the Loan in full (but not in part), together with accrued interest (if any).

8.2 Early Repayment as a result of a Tax Event

Upon the occurrence of a Tax Event, but subject to the Conditions to Repayment, the Borrower may, having given not less than 5 calendar days' prior notice to the Lender in accordance with Clause 12 (which notice shall be irrevocable) repay the Loan in full (but not in part) together with accrued interest (if any).

8.3 Early Repayment as a result of a Capital Event

Upon the occurrence of a Capital Event in respect of the Loan, but subject to the Conditions to Repayment, the Borrower may, at its option, having given not less than 5 calendar days' prior notice to the Lender in accordance with Clause 12 (which notice shall be irrevocable) repay the Loan in full (but not in part) at any time together with accrued interest (if any).

8.4 Optional Early Repayment

The Borrower may, subject to the Conditions to Repayment, at its option, having given not less than 5 calendar days' prior notice to the Lender in accordance with Clause 12 (which notice shall be irrevocable), on the Interest Payment Date falling 5 (five) years after the Utilisation Date and on each subsequent Interest Payment Date repay the Loan in full (but not in part) together with accrued interest.

8.5 Conditions to Repayment

Other than in the case of a repayment on the Maturity Date in accordance with Clause 7, the Borrower may repay the Loan (and give notice thereof to the Lender) only if such repayment is in accordance with the Applicable Banking Regulations and it has been granted the permission of the Competent Authority (if such permission is then required under the Applicable Banking Regulations) and in addition;

- (a) before or at the same time as such repayment of the Loan, the Borrower replaces the Loan with Regulatory Capital of an equal or higher quality on terms that are sustainable for its income capacity; or
- (b) the Borrower has demonstrated to the satisfaction of the Competent Authority that its Tier 2 Capital and eligible liabilities would, following such repayment, exceed the requirements under the Applicable Banking Regulations by a margin that the Competent Authority may consider necessary; and
- (c) in the case of redemption before five years after the Utilisation Date if:
 - (i) the conditions listed in paragraphs (a) or (b) above are met; and
 - (ii) in the case of repayment due to the occurrence of a Capital Event, (A) the Competent Authority considers such change to be sufficiently certain and (B) the Borrower demonstrates to the satisfaction of the Competent Authority that the Capital Event was not reasonably foreseeable at the time of entry into of this Agreement; or
 - (iii) in the case of repayment due to the occurrence of a Withholding Tax Event or Tax Event, the Borrower demonstrates to the satisfaction of the Competent Authority that such Withholding Tax Event or Tax Event is material and was not reasonably foreseeable at the time of entry into of this Agreement; or
 - (iv) before or at the same time of such repayment, the Borrower replaces the Loan with own funds instruments of equal or higher quality at terms that are sustainable for its income capacity and the Competent Authority has permitted that action on the basis of the determination that it would be beneficial from a prudential point of view and justified by exceptional circumstances,

(the "**Conditions to Repayment**").

9. EVENTS OF DEFAULT

- 9.1 If an order is made or an effective resolution is passed for the winding up (in Danish: *tvangsopløsning*) or liquidation (in Danish: *likvidation*) of the Borrower (except for the purpose of a merger, reconstruction or amalgamation under which the continuing entity effectively assumes the entire obligations of the Borrower under the Loan) or the Borrower is otherwise declared bankrupt or put into any other liquidation procedure under Danish law, in each case, by a court or agency or supervisory authority in the Relevant Jurisdiction or elsewhere having jurisdiction in respect of the same, the Lender may, by notice to the Borrower, declare the Loan to be due and payable, and the Loan shall accordingly become due and payable at its principal amount together with accrued (and unpaid) interest to the date of payment, but the Lender may claim payment in respect of the Loan only in the winding up or any other liquidation procedure under Danish law or as the case may be, bankruptcy or liquidation of the Borrower.
- 9.2 No remedy against the Borrower, other than as provided in Clause 9.1 above shall be available to the Lender, whether for the recovery of amounts owing in respect of the Loan or in respect of any breach by the Borrower of any of its obligations or undertakings with respect to the Loan.

10. TAXATION

- 10.1 All amounts payable in respect of interest in respect of the Loan will be made free and clear of and without withholding or deduction for, or on account of, any present or future taxes or duties of whatever nature imposed or levied by or on behalf of the Taxing Jurisdiction or any political subdivision thereof or any authority or agency therein or thereof having power to tax, unless the withholding or deduction of such taxes or duties is required by law. In that event, the Borrower will pay such additional amounts as may be necessary in order that the net amounts receivable by the Lender after such withholding or deduction shall equal the respective amounts which would have been receivable by the Lender in the absence of such withholding or deduction; except that no such additional amounts shall be payable in respect of any payment in respect of the Loan to the Lender if it is liable to such taxes or duties in respect of the Loan by reason of having some connection with the Taxing Jurisdiction other than the mere participation in the Loan.
- 10.2 If the Borrower is required to make a withholding or deduction for or an account of taxes from any payment in respect of the Loan, the Borrower, as soon as reasonably practicable after the payment of such taxes being made, shall deliver to the Lender an official tax receipt or other customary evidence of the tax payment in form suitable to claim tax credits in respect of such taxes.
- 10.3 Any reference in this Agreement to interest in respect of the Loan shall be deemed also to refer to any additional amounts which may be payable under this Clause 10.

11. AMENDMENTS

- 11.1 Subject to Clause 11.2, the terms and conditions of this Agreement may only be amended by agreement between the Lender and the Borrower and in accordance with the Applicable Banking Regulations.

- 11.2 If at any time a Withholding Tax Event, a Tax Event or a Capital Event occurs, or to ensure the effectiveness or enforceability of Clause 14, the Borrower may, subject to the Applicable Banking Regulations (including the permission of the Competent Authority to the extent then required) (without any requirement for the consent or approval of the Lender) and having given not less than 5 calendar days' notice to the Lender (which notice shall be irrevocable), at any time, vary the terms of the Loan so that it remains or, as appropriate, becomes, Tier 2 Capital, provided that, in each case,
- (i) such variation does not itself give rise to any right of the Borrower to prepay the varied Loan;
 - (ii) such variation is not materially less favourable to the Lender (unless any such prejudice is solely attributable to the effectiveness and enforceability of Clause 14); and
 - (iii) if permission is required under Applicable Banking Regulations, the Borrower has received such prior permission of the Competent Authority in respect of such variation or substitution

For the purpose of this Clause 11, a variation shall be "**materially less favourable to the Lender**" if such varied loan does not:

- (a) include a ranking at least equal to that of the Loan pursuant to Clause 5;
- (b) have the same interest rate and the same interest payment dates as those from time to time applying to the Loan;
- (c) have equivalent prepayment rights as the Loan;
- (d) have the same currency of payment, maturity, and original loan amount as the Loan prior to such variation; or
- (e) preserve any existing rights under the Loan to any accrued interest which has not been paid in respect of the period from (and including) the interest payment date last preceding the date of variation.

- (a) the effect of the exercise of any Bail-in and Loss Absorption Powers by the Resolution Authority, which exercise (without limitation) may include and result in any of the following, or a combination thereof:
 - (i) the reduction of all, or a portion, of the Relevant Amounts in respect of the Loan on a permanent basis;
 - (ii) the conversion of all, or a portion, of the Relevant Amounts in respect of the Loan into shares, other securities or other obligations of the Borrower or another person, and the issue to or conferral on the Lender of such shares, securities or obligations, including by means of an amendment, modification or variation of the terms of this Agreement;

For the avoidance of doubt any exercise of any Bail-in and Loss Absorption Powers by the Relevant Resolution Authority will not constitute an event of default or a breach of the Borrower's obligations or duties in respect of the Loan, or a failure to perform any of the Borrower's obligations or duties in respect of the Loan in any manner

whatsoever, and shall not, of itself, entitle Lender to petition for the winding up or liquidation of the Borrower.

IN WITNESS WHEREOF this Agreement has been signed by the Parties on the date first written above.
