

# New user in Global Cash Pool

## How to get started with the service Global Cash Pool/KoncernValutaKonto (GCP/KVK):

- Log in to Corporate Netbank. Go to module **Other Services** and click on the link **Global Cash Pool/KVK**. If you don't have access please contact your Corporate Netbank Administrator.

**NOTE!** The service requires the application Java. Please visit [Nordea.com](http://Nordea.com) and the GCP/KVK section regarding instructions.

- To get to know the service, we recommend you to view our [introduction video](#). It will give you basic knowledge and walkthrough of terms and reports. It is available under Online Training on Nordea.com.
- Depending on what functionality you need to learn, view the [additional detailed videos](#) in the library, covering the most common functionalities of GCP/KVK. A recommendation is to view all videos to get a good insight in the service.
- For detailed instructions there is a help function available in GCP/KVK Web. Providing guidance for each function/tab in the service. It is available in the menu under Help and Contents.
